

Salient features of Baramchi Hydropower Project

General

Name of the project	Baramchi Hydropower Project
Development region	Central
District	Sindhupalchowk
Nearest Town	Khdichaur
Type of scheme	Run of the river
Design Discharge, (Q_{40%})	0.87 m³/s
Gross head	655 m
Installed capacity	4.2 MW
Dry energy	3.526GWh
Wet energy	18.345GWh
Total energy	21.871GWh
Transmission line	33 kV, 15 km from powerhouse to NEA
Lamosanghu	Substation
